EDUCATION

B. E. COMPUTER SCIENCE AND ENGINEERING

2021-2025

Chennai Institute of Technology

CGPA-7.19

SKILLS

Front end web development

HTML, CSS

UI/UX

Figma Tools

Game design

Unity

PROJECT

Developed a web application that allows users to hide secret messages. Steganography is the practice of concealing a message, image, or file within another message, image, or file in order to hide its existence. Unlike cryptography, which focuses on encrypting the content of a message, steganography focuses on hiding the message itself. In image steganography, data is hidden within the pixels of an image in a way that is imperceptible to the human eye.

Tools

Steganography Library, HTML, CSS, JavaScript.
